

# Download 2004 Vw Passat Glx Repair Manual

Does a 2004 vw passat 2.8L V6 30 valve engine 5 speed 6 cylinder have a timing chain or belt? Seems to me it is a chain. Pleas advise thanks.eurotec : Hi, the heater core replacement is pretty labor intensive. The factory labor allowance is approximately 8.0 hours including the draining and refilling of the cooling system and evacuating and recharging of the air conditioning system.I pulled out relays for my 2004 passat they all look a like the car will not start which relay goes were - Answered by a verified VW Mechanicvw passat epc and low oil pressure lights have turned on separate days but turned off after restarting the car. 2 Answers. Last week I had work done to my 2012 vw passat 2.5 se.
