Blacks in American films and television : an encyclopedia by Bogle, Donald. Publication date 1988 Topics African Americans in motion pictures, African American entertainers, African Americans in the motion picture industry, African Americans in television broadcasting, African Americans on television, Motion pictures, Noirs américains au cinéma, Artistes du spectacle noirs américains, Noirs ...This particular book is, as it states, an encyclopedia of film and television featuring Black characters and story lines. I appreciate that he covers pioneering Black films and filmmakers from as far back as the 1920's. Bogle provides basic production credits on movies and television shows and extensive detail in the profiles. Despite a few omissions (Across 110th Street , Finian's Rainbow , Godfrey Cambridge), this is highly recommended. Thomas Wiener, formerly with "American Film," Washington, D.C.
