

Download National Fire Protection Association Manual

2019 NFPA Conference & Expo in San Antonio, Texas. The NFPA Conference & Expo® is one of the world's biggest and most comprehensive fire, electrical, and life safety events. Emergency/Exit Light Exit/Emergency Lighting Regulations . Did you know that you are required by law to have and test regularly exit & emergency lighting systems? Fire protection is the study and practice of mitigating the unwanted effects of potentially destructive fires. It involves the study of the behaviour, compartmentalisation, suppression and investigation of fire and its related emergencies, as well as the research and development, production, testing and application of mitigating systems. The United States has the highest fire losses in terms of both frequency and total losses of any modern technological society. New facilities and renovation projects need to be designed to incorporate efficient, cost-effective passive and automatic fire protection systems.
