

Download The Search For The Manchurian Candidate The Cia And Mind Control The Secret History Of The Behavioral Sciences

Project MKUltra, also called the CIA mind control program, is the code name given to a program of experiments on human subjects that were designed and undertaken by the United States Central Intelligence Agency—and which were, at times, illegal. The five-pointed star or pentagram is one of the most potent, powerful, and persistent symbols in human history. It has been important to almost every ancient culture, from the Mayans of Latin America, to India, China, Greece, and Egypt. Brainwashing (also known as mind control, menticide, coercive persuasion, thought control, thought reform, and re-education) is the concept that the human mind can be altered or controlled by certain psychological techniques. About the author. I am currently a law student at Lincoln Law School in Sacramento, California and audited a class in international human rights at the University of California, Davis School of Law and completed national security law at McGeorge School of Law.
